Schools Having No Dropouts	12
----------------------------------	----

SECTION 1

Definitions of Terms

A. Dropout

The State Board of Education defines *dropout* as a student who leaves school for any reason, other than death, prior to graduation or completion of a course of studies and without transferring to another school or institution.

Although this document provides a listing of the various categories of “school leavers” in the next section, the following criteria clarify and expand the above definition by designating a dropout as an individual who

- was enrolled in school during the previous school year but did not reenroll at the beginning of the current school year;
- was enrolled in school during the previous school year and dropped out, reenrolled at the beginning of the current school year, but left prior to October 1;*
- leaves an elementary or secondary school and enrolls in adult education or a program preparing for the GED (General Educational Development) exam;** or
- is not temporarily absent due to suspension, long-term illness, or other emergency.

* If October 1 falls on a Saturday, report membership on September 30. If October 1 falls on a Sunday, report membership on October 2.

** The exception is the case in which the public school system monitors the student’s enrollment and reports the student as a dropout if he or she drops out of the program.

B. School Year

For the purposes of tabulating school dropouts, the term *school year* refers to the twelve-month period that begins October 1 and ends September 30. Thus it includes the summer. Please note, however, that students who reenroll in school after having dropped out during the previous school year and who leave prior to October 1 of the current school year will be counted in the twelve-month collection cycle. This means, for example, that a student who dropped out of school in March of 2019, then returned in August of 2019, but dropped out again on September 20, 2019, will be reported as a dropout in the 2018–19 count.

C. Grade Level

Dropout data should be reported for grade levels seven through twelve. Dropouts should be counted in the grade for which they fail to enroll in the fall. For example, a student who drops out without completing the ninth grade and does not return after the summer is a ninth-grade dropout. A student who completes the ninth grade and is expected to enroll in the tenth grade but does not enroll after the summer ends is a tenth-grade dropout.

Ungraded students should be assigned a nominal grade level. To determine nominal grade level, subtract five from the student’s age on October 1 of the current school year. For example, a fifteen-year-old’s nominal grade level is grade ten. All ungraded students over the age of seventeen should be reported as being in the twelfth grade.

Twelfth-grade dropouts should be computed by totaling the number of students who have not graduated during the regular or summer school terms and have not reenrolled for the current school year.

D. Ethnicity/Race Categories

<u>Ethnicity Category</u>	<u>Ethnicity Description</u>
Hispanic/Latino:	a person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.
<u>Race Categories</u>	
White (not of Hispanic origin):	a person having origins in any of the original peoples of Europe, the Middle East, or North Africa.
Black or African American (not of Hispanic origin):	a person having origins in any of the black racial groups of Africa.
Asian American:	a person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.
Native Hawaiian/Pacific Islander:	a person having origins in any of the original peoples of Hawaii, Guam, Samoa, or the Pacific Islands.
American Indian or Alaska Native:	a person having origins in any of the original peoples of North and South America (including Central America) and who maintains tribal affiliation or community attachment.

SECTION 2
All “School Leavers”

A. Types of “School Leavers”

It is essential to distinguish between students who actually drop out of school and students who leave school for legitimate reasons. The following chart delineates the specific status of each type of “school leaver” and specifies whether such a student either should or should not be designated as a dropout.

The student who	Should this student be counted as a dropout?	PowerSchool Dropout Reason Code
1. graduates	NO	Not Applicable
2. enters an educational program that provides an alternative certification to a high school diploma such as adult education or a GED program that does not track students or report dropouts to the South Carolina Department of Education (SCDE)	YES	23
3. leaves an elementary or secondary school and enrolls in an adult education or GED program during the 2017–18 or 2018–19 school year and has obtained a completion credential (i.e., a state high school diploma or a GED diploma) by October 1, 2019	NO	Not Applicable
4. leaves an elementary or secondary school and enrolls in an adult education or GED program during the 2018–19 school year and has <i>not</i> obtained a completion credential (i.e., a state high school diploma or a GED diploma) by October 1, 2019* * The exception is the case in which the public school system monitors the student’s enrollment and reports the student as a dropout if he or she drops out of the program. (See instructions on pages 7 –8.)	YES	38
5. has a state high school certificate or a special education certificate and is		
• a student with a disability who has completed the requirements of an IEP (individualized education program),	NO	Not Applicable
• a severely disabled student who has reached the age of twenty-one, or	NO	Not Applicable
• a severely disabled student who has entered a residential or day care facility	NO	Not Applicable

18. has transferred to an institution that does provide a <i>state- or district-approved</i> educational program leading to a high school diploma or alternative certification (e.g., youth correctional institutions, technical colleges, special state schools or districts, homebound instruction, homeschooling)	NO	Not Applicable
19. has enrolled in a full-time higher education program without having been awarded a high school diploma	NO	Not Applicable
20. has not reenrolled in school but is expected to return late because of extenuating circumstances (e.g., seasonal or migratory work)	NO	Not Applicable

B. Updating Records

The status of the “leaver” may change over time. For example, a dropout might reenter school during the school year, or a school might receive a transcript request from another school or institution. It is important to update your records as soon as a student’s status changes.

C. Collection Cycle/Data Collection Timeline

Every district must submit all completed dropout data from POWERSCHOOL during the SCDE’s first quarterly data-collection upload period.

Date	Actions
September 9–20, 2019	Early Dropout Data Validation
October 1– November 4, 2019 Your school district’s 45 th day	Deadline for Dropout Data Submission
November 13–29, 2019	Early Validation Correction and Review period for PowerSchool/Adult Education Dropout Data
December 2, 2019–December 16, 2019	Deadline for Final Submission of PowerSchool/Adult Education Dropout Data
December 19, 2019	Deadline for Dropout Data Verification Form Submission

SECTION 3

Procedures for Verifying Student Status

A. Verification through Formal Notice

- Request a transcript or other written documentation from the receiving school to verify that a student has transferred. The date your school receives the documentation should be recorded, along with the address of the school to which the student has transferred.
- It is not necessary for you to verify that the student is attending the new school after you receive a transcript or other written documentation.
- A student is a transfer only if he or she is moving to a public or private school or a state- or district-approved educational program—including home school—that leads to a high school diploma or alternative certification.
- Procedures such as exit interviews would also constitute verification of student status.

B. Verification by a Responsible Adult

- Any notification from a responsible adult will verify a student's status. "Responsible adults" include parents or guardians, school officials, and any other adult with responsibility for the student (e.g., attendance supervisor, social worker, medical doctor, corrections official).
- If an inappropriate adult or student reports that a student has dropped out of school, such a statement does not constitute verification.

C. School Records of Verification

- It is important that each school keep records that document the verification of a student's status. Since a student who drops out during a particular school year is not reported as a dropout until the fall of the following school year, careful records must be maintained so that an accurate count can be obtained.
- It is best, therefore, to seek a written form of verification, such as a copy of the transcript or a letter from the parent or guardian.

SECTION 4

Reporting Dropout Data

A. School Dropout Data Report

Each school that serves any combination of grades seven through twelve must submit dropout data, even if it has no dropouts to report.

B. District Dropout Data

Every district using PowerSchool must submit data by the SCDE's first quarterly data-collection upload period. If there were no dropouts at your school during the period from October 1, 2018, through September 30, 2019, please indicate that fact on the form provided. Fax the form no later than November 4, 2019, to Aveene Coleman at 803-734-5281.

Ensure that the following fields are completed for each student:

- student's grade level
- student's full legal name
- student's number
- student's Social Security number (if available)
- student's SUNS (State ID) number
- student's ethnicity
- student's gender
- student's date of birth
- student's free/reduced meals status
- student's English proficiency
- student's migrant status
- homeless
- EFA codes
- exit code
- dropout reason code
- dropout date

C. District Adult Education Dropout Data Report

Every school district must report students who have dropped out of an adult education program and are *no longer in the PowerSchool system*:

- Students who dropped out of an adult education program between October 1, 2018, and September 30, 2019, must be reported utilizing the PowerSchool system.
- Students who were enrolled in an adult education program and were being tracked by a district during the 2018–19 school year must be coded in PowerSchool as either W38 (Adult Education Diploma Tracking) or W40 (Adult Education GED Tracking).

- Simply enter the dropout reason code and a dropout date in the South Carolina Additional Student Information page. If none of the dropout reason choices seems to be appropriate, then select “Status Unknown.”

Students identified as dropouts for the 2018–19 school year will be extracted by *these two methods only*.

E. Dropout Scenarios

The dropout reason field will be used as the “trigger” for identifying the dropouts in the following three basic scenarios:

- A student withdrew prior to the end of the 2018–19 school year and has been identified as a dropout. The dropout reason and dropout date fields must be populated in the 2017–18 South Carolina Additional Student Information page.
- A student finished the 2018–19 school year, may or may not have been promoted to the next grade/school, but did not return in the 2019–20 school year and has been “no showed.” The dropout reason and dropout date fields must be populated in the South Carolina Additional Student Information page.

Note: Not all “no shows” are dropouts.

- A student started the 2019–20 school year, then withdrew prior to October 1, and has been identified as a dropout. The dropout reason and dropout date fields must be populated in the South Carolina Additional Student Information page.

In all three scenarios, we will be relying on the dropout reason and dropout date fields to identify students who have been coded as dropouts. If you assign the withdrawal code W36 to a student, please be sure to populate the dropout reason and dropout date fields as well.
