- ▶ Incident Management

Individual Graduation Plan (IGP)

- ▶ 100% should be completed by the end of QDC4
- ▶ Grades 8 - 12
- ▶ Use LD RealTime Reports (Graphs & Tables)
- ▶ In PowerSchool when I run a search of active students in grades 8 or higher, I get **10,278**.
 - As a district 8,621 students have a Primary - Locked IGP which put the district at 80.8%
 - Currently the district has 885 students with NO IGP for this year. Which is 8.3% of the district.

Incident Management Reminder

- ▶ Last day to enter data into PowerSchool - **End of QDC4**
- ▶ All discipline and truancy incidents **MUST** be entered into PS
- ▶ None Virtual School or Hybrid Schools - not having a discipline incident for the entire year - red flag.
- ▶ This year schools were either e-learning for the first half of the year or most of the year. Which may allow for a reason at a possible lower discipline incident number than previous year, but there are still some red flags and concerns in the number.
- ▶ School's incidents counts broken down by subgroups:
 - No Discipline Incidents (virtual schools are excluded from this count): 2
 - No Truancy Incidents: 3
 - One Discipline Incident: 1
 - One Truancy (all 3 levels are grouped together): 1
 - No Incidents for the year: 2

Incident Management Reminder

- ▶ The SCDE is uploading their validation reports for the 180th day now. If we see any errors or concerns, we will email the school directly.
- ▶ Remember to be mindful when selecting the appropriate Behavior for a student's incidents. We do have schools that have incidents that fall under Persistently Dangerous Schools Validation (PDS). If the Behavior is correct that is fine, but just double check your incidents.
- ▶ If a student is flagged and Truant, they should have a Truant Incident created in PowerSchool.
- ▶ A report that can be used to help with this is the SC41 Truancy School Detail Report.
- ▶ Run the SC41 Truancy School Detail Report and make sure the total count on that report matches the number of Truant Incidents in PowerSchool.

Incident Management Reminder

- ▶ Remember not to add the student's name or SUNS number to the incident Title. Remove any student names or SUNS number in the title of the incident.
- ▶ Students should not have multiple Truancy incidents. When they first become truant, you create the incident with the "151 Truant" behavior then if they go to the next levels of truancy, you add the next level of Behavior to that original incident.
- ▶ **Action Code:** *Withdraw Prior to Intervention*^ > *Withdrawal Pending In-School Suspension*^: This code should be used if a student withdraws before serving the In-School Suspension for an incident.
- ▶ All incidents must have a Location selected, including for Truancy. The location for an incident will always be Classroom.
- ▶ All SUX-Pending Expulsion should be resolved before the 180th day reporting (Expulsion, Alternative School, OSS, Overturn Expulsion or other outcome).
- ▶ All SPC-Pending Parent Conference should be resolved and updated before the 180th day reporting.

Incident Management Reminder

- ▶ When coding 789 Weapons you must coded a sub code and action taken. (Subcodes 780,781, 782, 783, 784, 785, & 786)
- ▶ All weapons incidents must have a final action. All of the following are weapons incident:
 - 781-Handguns
 - 782-Rifles
 - 783-Other Firearms
 - **Note: Please note that a call to parent is not a final action for the incidents listed above.**
- ▶ Fireworks should be coded as 010 Fireworks.
- ▶ Tardies are not considered Truancy. The tardy code of 180 should be used for excessive tardies.
- ▶ Incidents must be coded with Participant Attributes for each student.

First Day of Testing

- ▶ **The First Days of Testing Data Collection:** This is the PowerSchool data collection used by the SCDE to identify students eligible for testing. All data relating to student's grade level, true grade level, 9GR, and course enrollment must be entered/verified/corrected/submitted by the collection date for these data. This is the school's responsibility.
- ▶ **SCDE Deadline May 28, 2021 @ 4:00 pm**
- ▶ By the time the SCDE collects your PowerSchool data, all students who withdrew, died or were expelled on or prior to the first day of testing should already be inactive/withdrawn in PowerSchool.
- ▶ The five business days before testing rule for students who are expelled, withdrawn, or die before the first day of testing, no longer applies.
- ▶ Do not document* or code students as not tested in PowerSchool if not actively enrolled as of the first day of the school's testing window.
- ▶ Combined Students Not Tested on Elementary, Middle, and High School Report (SNTEMHR) Guidelines School Year 2020-2021 - <https://ed.sc.gov/data/information-systems/power-school/sis-documents/2021-combined-students-not-tested-on-elementary-middle-and-high-school-report-guidelines/>

Students Not Tested

- ▶ SCDE Deadline **June 30, 2021 @4:00 pm**
- ▶ For 2020-2021, the SCDE will continue to collect Students Not Tested (SNT) data from PowerSchool for all applicable assessments: EOCEP Fall administration; SC READY and SCPASS; Alternates for SC READY, SCPASS and EOCEP; EOCEP Spring; and Access for ELLs and Alternate Access for ELLs. HOWEVER, the SCDE will not process SNT for exclusionary reasons. This means the SCDE will not be collecting supporting documentation for reasons where exclusions to the accountability calculations would normally apply.
- ▶ The South Carolina Department of Education (SCDE) will no longer collect all documentation for Students Not Tested Report (SNTEMHR), although districts should continue to maintain documentation on all students. Instead, the SCDE will provide districts with a list of the students for which documentation must be submitted by districts for review. This list will be generated randomly from all SNTEMHR coded in PowerSchool for reasons defined as exclusionary. Using a random selection methodology ensures that each exclusionary reason is represented and only documentation for students coded appropriately in PowerSchool with approved exclusionary reasons will be included.
- ▶ **Students Not Tested Data Collection:** This is the PowerSchool data collection used by the SCDE to identify students who did not test and their reason for not testing

Students Not Tested

- Specific to EOCEP and Alternate-EOCEP, all student expected to test in the current school year, must be coded in PowerSchool with the appropriate course/activity code. Students not appropriately coded in PowerSchool cannot receive any SNT exclusion. All course enrollment is expected to be reflected on the students' transcript.

Students Not Tested

- ▶ Students Not Tested (SNT) information will be collected for both fall and spring administrations for students enrolled in the following EOCEP courses: English 1, English 2, Algebra 1, Biology 1, and/or US History and the Constitution.
- ▶ To ensure compliance with all state and federal reporting requirements, districts should code in PowerSchool all eligible students who do not test (or have no scores) on one or more applicable assessments with the reason they did not test, regardless of whether an exclusion is being requested.
- ▶ Combined Students Not Tested on Elementary, Middle, and High School Report (SNTEMHR) Guidelines School Year 2020-2021 - <https://ed.sc.gov/data/information-systems/power-school/sis-documents/2021-combined-students-not-tested-on-elementary-middle-and-high-school-report-guidelines/>

CRDC

- ▶ Civil Rights Data Collection (CRDC): to collect data on key education and civil rights issues in our nation's public schools. The CRDC collects a variety of information including student enrollment and educational programs and services, most of which is disaggregated by race/ethnicity, sex, limited English proficiency, and disability. This data is collected once every two years. This collection provides the U.S. Department of Education's (ED's) Office for Civil Rights (OCR) with critical data needed to support OCR's mission to ensure equal access to education and to promote educational excellence through vigorous enforcement of civil rights in our nation's public schools.

 - Incidents in Incident Management.
 - Was the student retained - Retained Reason
 - Make sure **Race, Ethnicity and Scheduling/Reporting Ethnicity** are populated correctly.
 - Populate the CRDC page with “Yes” if the statement applies to the student or those enrolled in the course sections that CRDC asks about.
 - **Instructional Setting** needs to be populated correctly.

CARNEGIE CREDITS

From SCDE Nicole Ivery:

- ▶ Dual enrollment courses on the high school transcript are to appear as a 0.25 Carnegie unit for 1 college credit; a 0.5 Carnegie unit for 2 college credits; and 1 Carnegie unit for 3 or more college credits. Creative credit combinations will be flagged in the Office of Research and Data Analysis' course validation process. Additionally, any laboratory course associated with the substantive course, i.e., chemistry and chemistry lab, do not receive separate dual enrollment course codes. Students are not penalized from this process since they are simultaneously building the college transcript which reflects all the respective course credits earned at the college level.
