This teaching position may include the ninth-grade integrated science course and upperclassmen chemistry courses.

Essential responsibilities include, but are not limited to:

- Facilitate mastery of South Carolina science standards through dynamic lessons, hands-on labs, differentiated instruction, and assessments that support diverse learning needs.
- Create a safe, supportive classroom that encourages inquiry, critical thinking, and student curiosity while providing guidance to those who need extra support.
- Work with fellow teachers to develop cross-curricular opportunities, communicate with parents about student progress, and contribute to a strong positive school community.
- Adhere to all state, federal, and school-level policies, assessment requirements, and professional expectations while upholding school culture.
- Take on additional duties as needed, proactively contribute to the smooth operation of the school, and participate in initiatives that enhance student learning and engagement.

Education, Experience, and Skills desired:

- Bachelor's Degree
- High School Certification or desire to complete the necessary steps for certification.
- Experience with high school students.
- Experience developing and motivating teenagers, with the belief that all students can learn and grow.
- Creative problem solver.

Salary: The Brashier Middle College Charter High School pay scale is aligned with the local GCS pay scale.

Benefits: State retirement, state health and dental benefits, and leave policy.
