

Charter Application Technical Assistance Workshop

Hello!

Thank you for joining us!

*Clear Dot Charter
School*

Johnathan Hall, Clear Dot

Facility Basics

- Budget, Enrollment, Program and Facility must be aligned
- You get no additional funding for facility.
- Identify an area that has a critical need for your charter program.
- Compile data that demonstrates this need.

Know Your Neighbors

- Talk to city, county, and other local officials before you choose your site.
- Follow the letter of the law in communication with school district.
- Build a team of folks you can trust
- Keep a record of all communications regarding your facility

Technical Information

- Fire Code: 22 square feet per student
- \$1000-\$1200 per student per year for leasing
- \$10000-15000 per student if building
- Zoning: Procure Property appropriately zoned for a school
- SCDOT, OSF, Fire Marshall Approval
- Deadlines for Certificate of Occupancy
