Home Language Survey*	✗	See note.

\*The [Home Language Survey](#) (HLS) is administered once during initial enrollment in South Carolina and is part of the student's permanent record. The HLS must be requested from the previously attended school. **A new HLS can be administered only if any of the following applies:**

- The student is enrolling in kindergarten.
- The student is new to the country (please keep in mind U.S. Territories are part of the United States).
- The student is coming from a private/Christian school.
- The student has never completed an HLS.
- Multiple, *varied* attempts to secure the record from the previous school are unsuccessful.
